

Commercial Sewing

In Elkhart, Indiana MAP houses a 40,000 square foot sewing operation with 22 sewing machines, 2 cutting stations, and all of the necessary resources to meet your sewing needs. Products produced in this location include sewn e-mesh muffler bags, polypropylene muffler bags, thermal wraps and much more.

Growing markets for MAP's sewing facility include insulated and acoustic curtains, soft wall clean rooms, industrial strip curtains, warehouse curtains and boating covers.
